Military Off Limits Establishments

- The safety and security of all service members is a priority. The Joint Armed Forces Disciplinary Control Board (AFDCB) is an investigative committee composed of members from each military service in the Hampton Roads area, as well as civilian advisers, who work with local law enforcement agencies and local businesses to identify conditions which may adversely affect the health, safety, welfare, and discipline of the armed forces. The Board meets quarterly to assess on-going threats to military readiness, or good order and discipline. Military members are prohibited from entering the premises of, and conducting business with off limits establishments.
- The AFDCB of Southeastern Virginia has designated **the following establishments as off-limits:**
 - **The Vault Vape and Hookah Shop, 15435-B Warwick Blvd, Newport News, VA**
 - **The Vault, FKA Unwind, 731 J. Clyde Morris Blvd, Ste. B, Newport News, VA**

MEMORANDUM FOR ALL JOINT BASE LANGLEY-EUSTIS PERSONNEL

SUBJECT: Environmental Policy Statement

1. Our ability as Joint Base Langley-Eustis (JBLE) to conduct our mission requires daily operations in the land, sea and air environments. Protecting each is an integral and mandatory part for defending the base, conducting realistic training relevant to the current operational environment in order to provide mission-ready expeditionary Airmen and Soldiers to Combatant Command (COCOM) operations worldwide, while providing continual support to our JBLE families. Our environmental concerns include maintaining air quality, protecting Virginia's valuable water resources and managing waste materials in a manner that reduces the land disposal burden.

2. In accordance with Air Force Instruction (AFI) 32-7001, *Environmental Management*, we are committed to sustaining JBLE through a C.I.E.A.N. approach:

- Comply..... We will comply with all environmental regulations and all other requirements while reducing compliance costs and liabilities.
- Limit impact..... We will prevent pollution and minimize waste while cleaning up past sites of environmental concern and making efforts to achieve Chesapeake Bay conservation.
- Execute plans..... We will identify and attain energy, environment, safety and occupational health objectives and targets through planning that is Specific, Measurable, Achievable, Realistic, and Timely (SMART).
- Achieve improvements..... We will continuously improve our programs and processes through the use of effective management and planning.
- Notify..... We will communicate our environmental commitments and performance to all levels of our organization and local community.

3. It is the responsibility of all military personnel, civilian employees and support contractors to perform their duties in a manner that prevents pollution, protects the environment and conserves natural resources.

4. We will ensure the continual improvement of our environmental systems and the overall accomplishment of our core mission by following these commitments. Please address any questions or concerns to JBLE-Langley at 764-3906 or JBLE-Eustis at 878-7378.

Environmental Management Awareness and Competency (EMAC) Training

Description:

Awareness Training – Activity Leaders will ensure all personnel are aware of their environmental stewardship responsibilities and key components of the Environmental Management System (EMS), such as the Policy and potential consequences if procedures are not followed.

Competency Training – All personnel who have positions or duties with potential to affect the environment are required to have competency training to meet the requirements of their primary job functions and any additional duties assigned.

EMAC Training covers both of these training requirements, providing EMS awareness and a general overview of all environmental program.

Requirement: **MANDATORY** for ALL personnel who work on JBLE-Eustis (includes **ALL military, civilian, contractors & tenants**)

Frequency: To be completed **within 30 days of assignment** and **annually** thereafter.

Training available on-line on The Environmental Awareness and Competency Hub (**TEACH**) at:

<https://usaf.learningbuilder.com>

use Edge, Chrome, or Mozilla to access. Not compatible with Internet Explorer

Scan QR Code

Confirmation of Course Completion: Personnel should maintain a copy of the training certificate produced from the website as well as provide a copy to the Activity Environmental Coordinator (AEC) of the activity.

Guidance on Recordkeeping: EMAC training records should be maintained at the activity by the AEC. Activities will report completion status of EMAC training to CEIE quarterly by the 10th day of the 1st month of each quarter (10th of Apr, Jul, Oct, and Jan)...refer to Environmental Management Procedure (EMP) 4.4.2 Environmental Awareness and Competency Training located in the EMP Library link on the CEIE webpage: <https://www.jble.af.mil/Units/Army/Eustis-Enviromental>

STORMWATER

What can I do to reduce stormwater pollution?

DON'T LITTER
ONLY RAIN GOES DOWN THE DRAIN
WASH VEHICLES IN APPROPRIATE AREAS
CLEAN UP AFTER PETS, SCOOP THE POOP

TYPES OF ILLICIT DISCHARGES TO STORMWATER SYSTEM:

- Putting fats, oils, and greases and non-flushable items like paper towels, napkins, or wet wipes down household drains. Clogged drains can cause sewer lines to overflow and possibly enter storm drains.
- Dumping or pouring of liquids other than drinking water on impervious surfaces.
- Tossing trash and cigarette butts on the ground
- Allowing yard waste to enter storm drains

SPILL REPORTING

- Immediately report ALL spills (no matter how small) to the Fire Department at **(757) 878-1008**
- Call 911** in case of an emergency (fire, explosion, injury or release into **ANY** water or drain)
- ALWAYS PROTECT YOURSELF!** Safety and protection of life and limb take precedence over environmental protection!
- Stop the spill, if safe to do
- Contain the spill with absorbents (dry sweep), booms & pads

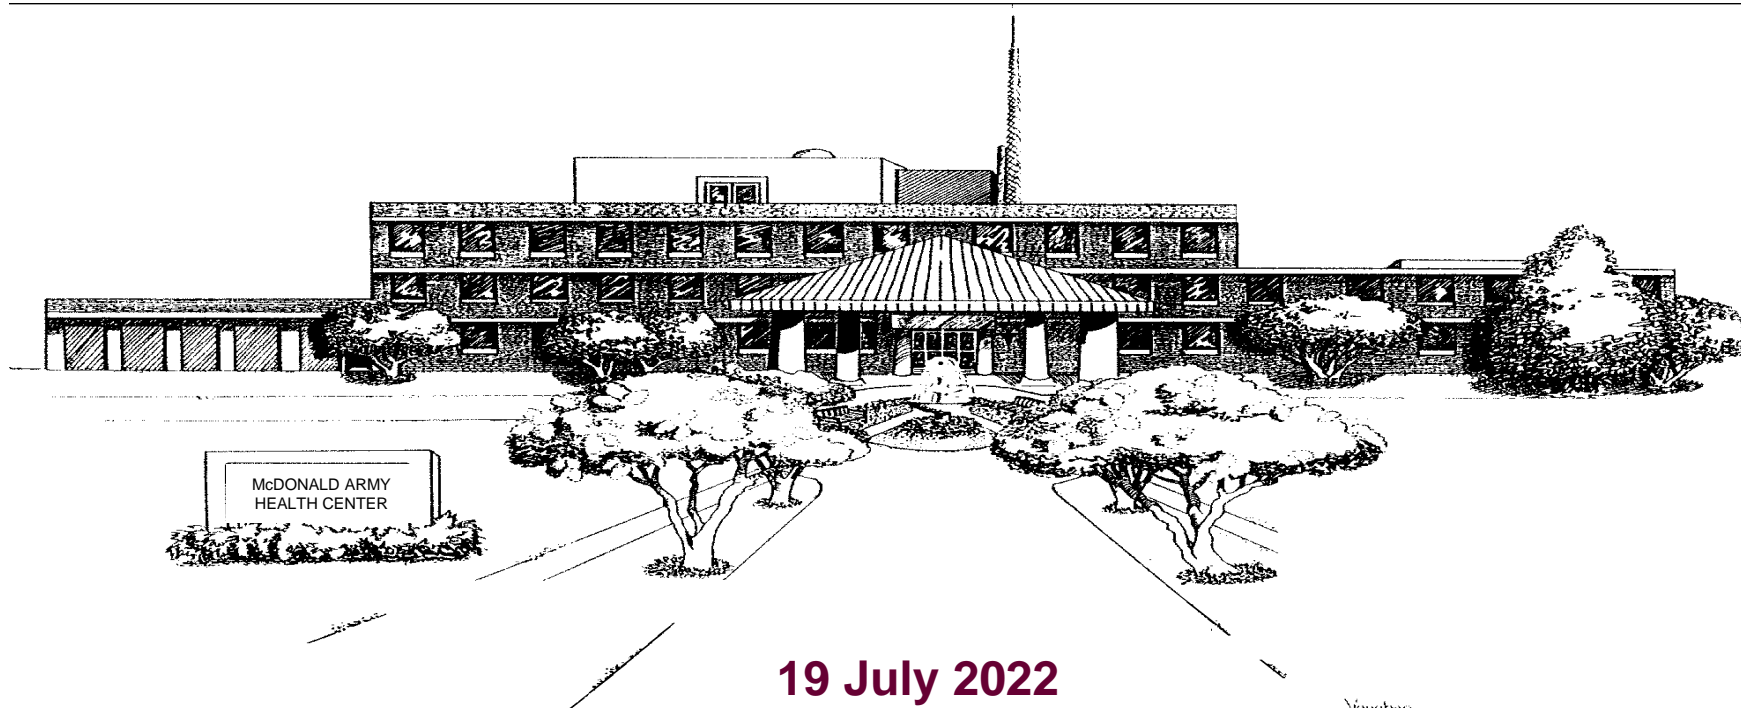

When in doubt, contact CES/CEIE at (757) 878-4123
