MEMORANDUM FOR All Civilians in-processing to the Maneuver Support Center of Excellence (MSCoE)

SUBJECT: In-Processing Memorandum

1. Welcome to the heart of our nation, here at Fort Leonard Wood (FLW), Missouri. We trust that you and your Families will enjoy living and working in the FLW area. There are numerous opportunities: for excellence in your organization; for a strong education for you and your Families; and for outdoor fitness, relaxation, and fun.

2. FLW is home to the U.S. Army Engineer; Chemical, Biological, Radiological, and Nuclear; and Military Police Schools and is one of four U.S. Army Training Centers within the U.S. Army Training and Doctrine Command. The installation has a large joint and multi-component presence with U.S. Marine and Navy Detachments; an Air Force Squadron; a Missouri National Guard Brigade; and a U.S. Army Reserve Training Division. FLW also hosts the U.S. Army Corps of Engineers' Prime Power School and deployable Army Forces Command units. The civilian cohort on FLW within each of those organizations is an essential part of meeting our mission.

3. Our units and missions contribute to all Army priorities, including Warfighting, Continuous Transformation, Strengthening our Profession, and Delivering Combat Ready Formations. Whatever your position or organization, as you contribute to mission success, the leadership here will do our best to inform and care for each of our team members. We want every person to leave this post better than they arrived and to have grown or enjoyed their time here. Likewise, we expect every member of the team to be engaged; to know those in their organizations; and to uphold high standards of discipline and character.

4. The bedrock of our Army Profession – which includes our civilian cohort - is trust. We trust each of you to live our Army values, profession, and ethic. You can trust us and your leaders to do everything we can to enable your success!

Victory Starts Here – Victory Through Skill!
