

FY2025 Live Virtual Training on EAMS/ACT

Upcoming courses offered through the SEA Office

Science, Engineering, and Analysis Career Field

Course Name	Duration	Dates
9. Power BI Data Analysts	4 days	11-14 March 2025
10. Program Management Essentials	3 days	31 March - 2 April 2025
11. Fundamentals of Artificial Intelligence (AI) (Deep Learning) including Generative AI Models in Python	5 days	31 March - 4 April 2025
12. Artificial Intelligence with Deep Learning	4 days	7-10 April 2025
13. Agile Portfolio Management	3 days	8-10 April 2025
14. Fundamentals of Python for Data Science	5 days	14-18 April 2025
15. Brene Brown Dare to Lead	3 days	15-17 April 2025
16. Fundamentals of R for Data Science	5 days	5-9 May 2025
17. Fundamentals of Artificial Intelligence (Deep Learning) Including Generative AI Models in Python	5 days	12-16 May 2025
18. Fundamentals of Python for Data Science	5 days	2-6 June 2025
19. Analyzing Big Data with R Programming	5 days	9-13 June 2025
20. Power BI Data Analyst	4 days	10-13 June 2025
21. Artificial Intelligence (AI) for Developers	4 days	7-10 July 2025
22. Machine Learning with Predictive Analytics	4 days	15-18 July 2025
23. Fundamentals of R for Data Science	5 days	21-25 July 2025
24. Modeling Data for Inference (R)	5 days	11-15 August 2025
25. Advanced R Programming	5 days
